Cabin		Navigat	ion and Communication
	Clean & dry cushions		Check navigation lights
	Clean & Inspect head		Radio check
	Clean & Inspect fresh water tank		<ul> <li>Main Unit</li> </ul>
	General cleaning of cabin		<ul> <li>Hand-held</li> </ul>
Below Decks			Check GPS/AIS 1
	Inspect & lubricate seacocks & thruhulls		Check GPS 2
	Clean, Inspect & dry bilge		Check Radar reflectors
	Inspect condition of hoses and clamps on		Check Auto-Pilot
	bilge pump		Check cabin lights
	Test bilge pump	Sails	
ъ .	3 1 1		Check general condition
Deck	Olean man all'il		Look for wear and chafing
	Clean non-skid		Check battens and batten pockets
	Clean windows		Check all sail attachments and stitching
	Swing/verify compass (?)		including grommets, rings, and all reef-
	Inspect cockpit drains Inspect stanchion, pulpits and lifelines		points
	Clean & polish pulpit & stanchions	Safety F	Equipment
	Inspect chainplates, cleats and other deck		Check Harnesses/PFDs – Co2?
	fittings	П	Check Jacklines
	· ·		Check sound signaling device(s)
Standing	g Rigging		Check expiration dates on flares etc.
	Inspect standing rigging		Check PFDs (TypeIII)
	Tune standing rigging		Inspect life sling & throw line
	Clean & lubricate sail track (silicone lube)		Check fire extinguishers
	Inspect turnbuckles/pins and safety wire		Check and replace first aid supplies
	Tape rigging		Check bailer and hand pump
Running Rigging		Diesel Engine, Prop and Drive Shaft	
	Inspect & lubricate winches		Check and lube engine controls
	Inspect main sheet and boom vang		Check hoses & electrical connections
	Inspect headsail sheets for wear		Check transmission cable connection
	Inspect sheet lead blocks		
			Check transmission fluid
	Inspect main halyard		Check transmission fluid Check engine oil
	Inspect headsail halyard		
	Inspect headsail halyard Inspect spare halyard		Check engine oil Check antifreeze Change Primary Fuel Filter
	Inspect headsail halyard Inspect spare halyard Inspect tack downhaul blocks and line		Check engine oil Check antifreeze
	Inspect headsail halyard Inspect spare halyard		Check engine oil Check antifreeze Change Primary Fuel Filter Change Secondary Fuel Filter Check Stuffing Box Packing
	Inspect headsail halyard Inspect spare halyard Inspect tack downhaul blocks and line		Check engine oil Check antifreeze Change Primary Fuel Filter Change Secondary Fuel Filter Check Stuffing Box Packing Check Stuffing Box hose clamps
	Inspect headsail halyard Inspect spare halyard Inspect tack downhaul blocks and line Inspect headsail furler (sticking at survey)		Check engine oil Check antifreeze Change Primary Fuel Filter Change Secondary Fuel Filter Check Stuffing Box Packing
Docking	Inspect headsail halyard Inspect spare halyard Inspect tack downhaul blocks and line Inspect headsail furler (sticking at survey)  & Grounding Check ground tackle, anchor, rode, roller, mount and backup anchor / rode, etc.		Check engine oil Check antifreeze Change Primary Fuel Filter Change Secondary Fuel Filter Check Stuffing Box Packing Check Stuffing Box hose clamps Check prop and anode
